

HANDLES AND KNOBS FOR
FURNITURE, KITCHENS,
BATHROOMS AND KIDS ROOM.

Viefe handles[®]

Made in Spain

Viefe's way —

The teams at Viefe® work like a set of gears, each one pushing the other so that the process of creation of knobs and handles works to perfection.

Management

This is where decisions are made. Management holds the compass to guide Viefe®.

Design

Internal and external designers dream of, draw and then project the shapes of the new products.

Production

They oversee the process of making the dreams come true. Our knobs and handles are brought to life in their hands.

Finishing

The type of finish can make all the difference. Here we polish, paint and glue and put the finishing touches to each design.

Quality

As we are not perfect, this is the department that checks every piece with a magnifying glass to determine which ones pass the quality test and which ones don't.

Sales

This is the team that moves Viefe®'s products across the globe. No one could do a better job of presenting and selling us.

Shipping

Each order requires a certain amount of planning, organization and meticulousness. It's all about trying to make things fit into the minimum amount of space.

Communication

Their images and words spread the Viefe® brand via social networks, catalogues, trade fairs and various packs.
